

Job Description

The purpose of this role is to support the company's manufacturing activities operation across the stores, assembly, test and despatch areas.

This position reports to our Operations Director

Why join CoolLED?

CoolLED designs, manufactures and markets cutting-edge LED illumination systems for microscopy, advancing biomedical research and other high-tech industries. There are many reasons to join the team, and here are just a few...

- **Make a difference:** We are proud of our role as a trusted supplier to leading global brands such as Olympus and Nikon, and also as a pioneer of research into illumination technology in collaboration with leading universities.
- **Team spirit:** Everyone in our team contributes to the success of the company. We are seeking like-minded individuals to join us and enjoy a role which stimulates and is rewarding. Working at CoolLED, you will be a part of a family-style team who often get together for social or charity events.
- **Being greener:** Our technology replaces toxic, energy-hungry mercury-based illumination. This emphasis on sustainability runs through the whole of CoolLED, and you can be part of our constant drive to reduce our environmental impact.

"It's fascinating to be at the forefront of technology and see how an idea is transformed into a product that brings real-world benefits to some of the most respected scientists around. You feel part of something, and your colleagues will always go out of their way to help you do your bit." Dr Isabel Goodhand

About this role

As a Production Operative you contribute to the Production team's and Companies success by:

- Manufacturing our sub-assemblies and LED Illumination systems with a good attention to quality
- Processing material issues to kits
- Testing assemblies and finished product
- Working conscientiously and diligently you will ensure that the products our customers receive work reliably and consistently
- Working cooperatively and flexibly with your team colleagues

How will you make an impact?

As a Production Operative you can be part of a high achieving cohesive team, maintaining the teams great on-time despatch record and supporting the businesses high customer service levels, to our leading global customer brands such as Olympus, Nikon and Leica.

We think this position will be right for you if...

- You have electro-mechanical assembly experience (desirable)
- You can follow process instruction
- You have a high level of attention to detail
- You can work independently and as part of a team
- You are self-motivated
- You can work methodically
- You can work tidily
- You are organised

This position is based at our headquarters in Andover. Staff are expected to be willing to travel as their role requires to visit customers and partners worldwide.

What CoolLED offers...

"I am able to adapt my chosen working hours around personal commitments and preferences which is so attractive. Being able to work a full week, interact effectively with my colleagues, and have a degree of freedom is fantastic!" Luther Hindley

- A positive and inclusive working environment
- A 37.5 hour working week
- Flexible working hours to optimise your work/life balance
- 25 days personal vacation + 8 statutory bank holidays
- Competitive salary plus a company profitability bonus
- Life Assurance / Death-In-Service benefits
- Contributory pension scheme
- Health Insurance (optional at cost for employee's family)
- Parent company (Judges Scientific PLC) Share Incentive Plan
